

Financial Statement for International Applicants

Once recommended for admission, applicants from other countries must submit evidence of adequate support to cover the costs of one full year of study at The University of Iowa before a certificate of Eligibility (I-20 or DS-2019) will be issued. A graduate research or teaching assistantship may be used to satisfy this financial requirement. Students with dependents must include additional financial support for any dependents who accompany them. The University cannot be expected to provide students with financial assistance beyond any that may already have been awarded.

BE SURE to attach the appropriate attested supporting documents mentioned in items "a" through "f" (e.g., all the items) below. Your admission cannot be finalized (nor can your immigration document be issued) without proper certification of financial ability to provide support. If the information necessary to complete this Financial Statement is not available at the time you apply, you may submit the Statement separately at a later date.
