Statement of Responsibility

Student Acceptance

In accordance with University policy, the University may take the following actions if a student has a past due unpaid balance on their University bill:

1. Restrict current registration;
2. Deny registration for a future session;
3. Transcripts or credentialing documents will not be issued.

If I am under the age of 18, I understand that I will not be granted the privilege of charging with my ID card without the written consent of my guardian below.

Faculty/Staff Acceptance

I authorize the University of Iowa to, at its election, deduct from my paycheck any of the charges resulting from the use of my ID card that are past due. Charges incurred will be billed the following month.

As a general rule, University employees will receive billings at least a month prior to the payroll deduction to give them the opportunity to seek clarification of any charge. Any questions concerning the items on the bill should be directed to the department where the item or service was purchased. The Cashier's Office should be notified by telephone of any discrepancies.

Your University ID Number will be printed on the front of your ID card.

Your University ID number is **NOT** the same as your Social Security Number. However, if you do not know your University ID number you will need to provide your Hawkid.

If you are both a student and faculty/staff member, you are subject to student charging policies only. When you are no longer a registered student, the faculty/staff charging policies again apply.

Your signature acknowledges and represents that the information you supply on the form is accurate and that you agree to abide by all the terms and conditions as set forth.

If you are under the age of 18, you will not be granted the privilege of charging with your ID card without the written consent of your guardian in this section.
