

Evaluating Teaching

The University of Iowa

Evaluation: A simple model

The University of Iowa

Two Purposes

(That often blend together)

- For improvement
 - Process and data typically owned by the person being evaluated
- For accountability
 - Process and data typically owned by an institutional representative

The University of Iowa

Information Sources

- Student learning
- Student perceptions
- Process experts
- Content experts
- Self observation and reflection

The University of Iowa

Information Sources: Student Perceptions

- Questionnaires
 - Ratings
 - Comments
- Interviews

The University of Iowa

Information Sources: Student Learning

- Grade-related assessments
- Informal assessments
- Licensure/Certification exams

The University of Iowa

Information Sources:
Process Experts

- Live observation
- Videotaped observation

What to look for?

The University of Iowa

Information Sources:
Content Experts

- Local
- Distant
