

Introducing the new U.S. Cellular® Partner Employee Discounts Program (PED Program)

The Partner Employee Discounts Program (PED Program) provides the employees of current U.S. Cellular® Business accounts the opportunity to qualify for a discount on their personal wireless service. The discount will apply only to consumer (Individual Account Type) voice plans; discounts will not apply to any additional Vertical Services requested such as text messaging, **easyedge**SM, etc.

All validation will take place through an online e-mail verification platform, using the customer's corporate e-mail address. Customers who may not have access to a corporate e-mail address may qualify for the program by providing the BAN Group ID over the telephone to 1-800-819-9373. The BAN Group Code is M4UIW.
