

Wild Bill's Coffeeshop Slated for Renovation

Beginning in August 2009, Wild Bill's Coffeeshop will receive a much needed makeover. The University of Iowa College of Liberal Arts and Sciences has approved funding to make several upgrades to the space that has been home to the Coffeeshop for over 30 years. The walls and ceiling will be painted, new flooring will be installed, and the current kitchen will be expanded to allow wheelchair access. The kitchen will quadruple in size and include hot water and a dishwasher. Product display space will be added as well. The antique mirror and 'Beauty Bar' will remain.

The Coffeeshop will be closed during renovation and will have a Grand Re-Opening in October. Fundraising is continuing in order to pay for a new refrigerator, garbage disposal and furniture. Donations can be made to the Wild Bill's Coffeeshop Development Fund through the Alumni Foundation.
