

Student Success Team Meeting
Agenda: September 22, 2009
2-3:30 pm, W401 PBB

1. Welcome
2. Presentation and Discussion
 - Title:** "Motivational Interviewing: It's Not Just For Health Anymore"
 - Co-Presenters:** Tanya Villhauer, Health Iowa Director and Ken Brown, Associate Professor of Management and Organizations, Tippie College of Business
 - Description:** Helping students make changes in order to succeed is what we all strive for, but we can't make the changes for them. Motivational Interviewing (MI) empowers us as facilitators to move students toward change, but also acknowledges we can't solve all their problems. While MI grew out of the health behavior change field, it has many applications for those of us working in student success, in teaching, advising, or many other realms. Join us in a discussion of fundamentals and strategies of MI and time to share ideas with others.
