Truck IV	N/A		N/A	Call our office for pricing	
Truck V	N/A		N/A	Call our office for pricing	
Enforcement Sedan	N/A		N/A	779.00	

New for FY 09:

- * Due to the volatility of fuel prices, the mileage rates for the rental fleet may be adjusted quarterly to reflect current fuel prices.
- * We will begin charging a per mile charge on loaner vehicles. This is to cover the cost of fuel.
- * Lease customers will begin paying a 3.5 cent per gallon surcharge on fuel credit card transactions to cover the cost of the fuel card program.

Reminders for FY 09:

- * We will be continuing a new lease rate option this year. If you would like a loaner vehicle when your vehicle is in the shop, you can choose the lease rate that is in parentheses above. This option allows you to be provided with a loaner vehicle when needed without having to worry about additional charges. *This rate does not guarantee a particular vehicle type, only that a vehicle will be provided.* You can still choose the lower monthly rate and pay for a loaner as needed.
- * Fleet Services will be open on Saturdays during the Fall and Spring Semesters from 8am until 11am. This will allow us better utilization of our fleet and the ability to offer you the lowest cost possible.
